Notable features:

Numbers 3-7 are 2-story flat roof, tiny, tiny houses; numbers 9-13 are 2-story gables. All have 6/6 windows and cellar entrances. Despite the tiny size and location, the houses are relatively well maintained.

Environmental context:

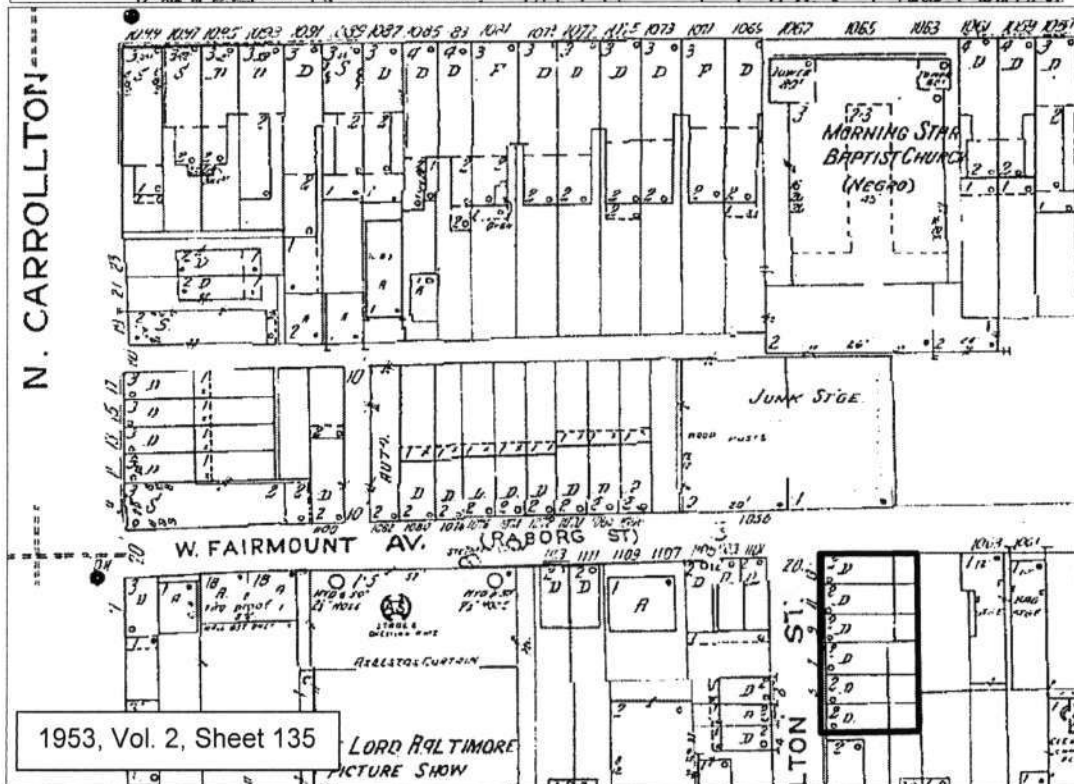

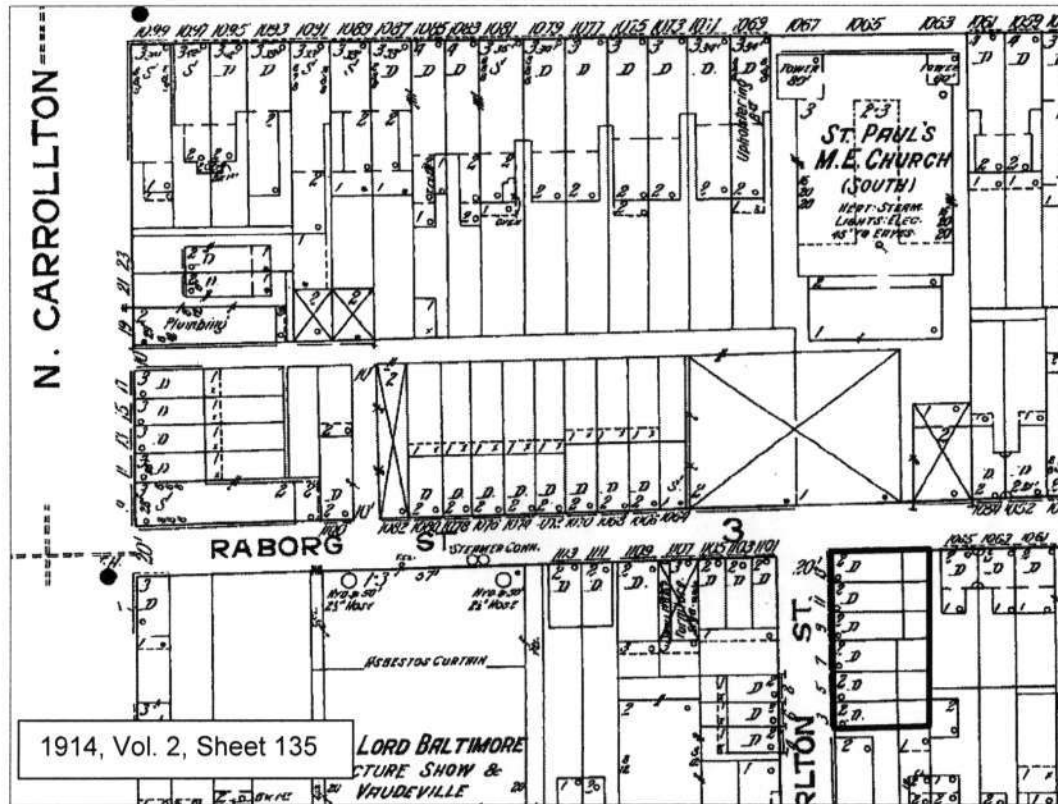

Demolition of six houses across the street leaves these somewhat alone, looking at parked cars. Nice big elm tree opposite shades the whole row. Redesign of this area could make these houses viable.
